

# STEELMART

First ▶ Fast ▶ Fair

Access to world class steel

when you need it  
where you need it  
whatever quantity you need

## First ▶

SteelMart is the first of its kind. It is an independent steel distribution chain in the country bringing world class steel to your door steps.

## Fast ▶

SteelMart is fast. It supplies on-demand steel to steel retailers across India from its stocking points. It reduces retailers' inventory costs.

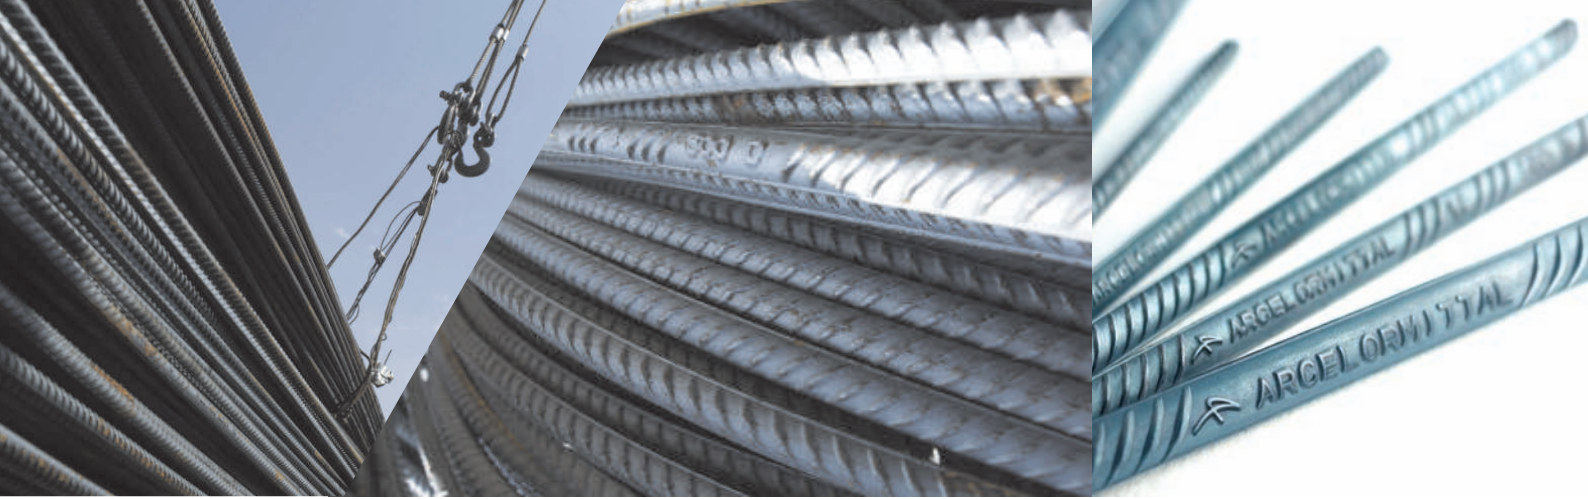

## Fair ▶

SteelMart is committed to fair trade practices. It reduces the layers between producer and consumer and by offers the best value.

ArcelorMittal

Authorised Channel Partner

Whether you are an individual house builder, a contractor, an architect, or working on large construction projects, SteelMart meets your demands for high quality TMT re-bars made by ArcelorMittal, the world's largest producer of steel, through its branded retail network in India. SteelMart is the first steel retail chain providing fast supplies and ensuring fair trade practices. SteelMart is the authorised channel partner of ArcelorMittal in India and has in its portfolio ArcelorMittal 500D, a TMT bar which meets and exceeds all international standards.

**Steel Mart branded network offers the following benefits:**

**On time delivery**

Our stock point will ensure that customer gets his delivery within the committed time.

**Best Quality**

You are assured of worldclass TMT re-bars conforming to the most stringent international specification. Ask for our technical data sheet.

**Fair price and terms**

Through the shortest chain between the manufacturer and user we ensure fair and consistent trade terms.

**Trade backed by expertise**

Through its combined experience of over 125 man years in the steel industry, SteelMart provides efficient services.

*Import of steel to 2 major ports. Mumbai and Chennai.*

*Stocking at major warehouses. Mumbai and Chennai.*

*Transfer to regional stockyards. Gujarat, Rajasthan, Madhya Pradesh, Andhra Pradesh and Kerala.*

*Repacking and supply based on orders to retail traders from the nearest stock point.*

SteelMart offers the entire range of ArcelorMittal 500D reinforcement bars ranging from 8 mm to 32mm.

SteelMart offers services to both house builders and large projects. For house builders we have a network of retailers across specific locations. For large projects you can get in touch with our sales people in your location or one of our retailers.
